

FOUNDATION FOR UNDERWATER DOMAIN AWARENESS

Membership ***Offerings.***

Become an MRC *Insider*.

Since its foundation in 2017, the Maritime Research Center (MRC) has been home to all stakeholders connected with the Underwater Domain. Entities from Blue Economy, National Security, Marine Environment, Science, Research and Academia have found this a ready platform. Here at MRC, stalwarts share their insights and dilemmas, seek inter disciplinary inputs from the brightest minds in the domain and together find solutions for our Blue Planet.

MRC has also attracted the brightest talents from various disciplines who seek to explore the vast untapped potential of the underwater domain.

If you (or your organization) make it to our inner circle of MRC members, congratulations and welcome. We have a lot of things planned for you.

Students: Be part of something *big*

As a Student Member you will enjoy exclusive benefits, and understand the deeper nuances of the Underwater Domain. The multidisciplinary nature of the domain offers opportunities to bright sparks from all disciplines. The domain exposure resulting from our membership has paved the path for many students to pursue successful careers in the Underwater Domain.

- ▶ Volunteer in live projects under mentorship of industry stalwarts
- ▶ Student members can also apply for MRC's paid research, fellowship and internships
- ▶ Avail ongoing career advice on Underwater Domain from industry veterans
- ▶ Enhance your knowledge with MRC's exhaustive repository to give a head start to your career
